

PROGRAM APPLICATION – OVERVIEW & INSTRUCTIONS

EMDRIA Credit (EC) Providers must submit a Program Application for each program held, even if the program has been previously approved for EMDRIA Credits. **EC Provider approval does not guarantee approval for any specific program. For a program to be considered for EMDRIA Credits, a Program Application and the required documentation must be submitted at least 30 days prior to the event being held – no exceptions.**

Who May Apply

Only EC Providers may submit Program Applications.

Application Review Process

Program applications are initially reviewed and verified by EMDRIA Staff. If an application is incomplete or any of the required documentation is missing, applicants will be notified about what is needed to proceed with the review process. Once staff verifies that the required materials have been submitted, Program Applications are forwarded to clinical staff where they are reviewed for adherence to current EMDRIA requirements and standards. New program content can take up to 45 days to review. If revisions or changes are requested, please allow an additional 14 days for staff to review the new information. All applications will receive a written response regarding their final status.

Applications for a Conference/Event which includes anywhere from 4-10 different programs should allow 90 days for the review process. If the Conference/Event includes more than 10 different programs, please allow 120 days for the review process. **See “Conference/Event Submissions” for guidance.**

Submitting a Program Application

The completed Program Application and required documentation should be emailed to EC@emdria.org. Once received, the \$50 invoice will be emailed to the EC Provider to initiate the review process. **The application form and required documentation must be submitted at least 30 days prior to the scheduled event date – no exceptions will be permitted.**
